

Assembly Instructions for THE GATE KEEPER

1. Secure Gate Latch Bar (Part C) to top of Gate Door (Part A) using two ½” Bolts (Part F) and Allen Key (Part H) provided.
2. With the ladder body on its side, attach two Gate Hinges (Part D) to Gate Door (Part A) using six ½” Bolts (Part F) and Allen Key (Part H) provided.
3. Align shoulders of Gate Door (Part A) with top of the outside ladder
4. Using template, attach hinges from Gate Door (Part A) to outside ladder body with six 1” Screws (Part E) using the scribe lines and leaving a ¼” gap between ladder and gate.

5. With the help of another person, attach the outside ladder body (with the Gate Door attached) to the platform. *You may have to partially open the Gate Door (Part A) to allow the ladder to hook onto the platform.
6. With the Gate Door (Part A) in the closed position, align the Gate Latch (Part B) to the handrail and mark for screws.
7. Pre-drill holes in the handrail with a 1/8th drill bit on marks.
8. Attach Gate Latch (Part B) to handrail with four ¾” Screws (Part G)

9. (Optional) Attach padlock when pool is unsupervised.
